

What: Bee City USA “Pollinator Festival”

When: Sunday, May 20, 2018, 1-4 P.M.

**Where: Commons, Lookout Mountain,
TN**

Cost: Free and open to all

“Buzz “on over to the Commons on Lookout Mountain, TN to get a peek into the world of pollinators, the challenges they face and the important role they play in our food supply and in keeping our environment healthy. Learn what you can do to safeguard a vibrant future for these “tiny creatures” on the mountain.

Special Children’s event: Live hawks, owls, crows and various furry animals will be exhibited by the Reflection Riding staff. See the wildlife that lives on our mountain alive and up close. 1-4 P.M.

Pollinator Exhibits: 1-4 P.M.

Come and go from 1-4 P.M. and visit these exhibits and displays. Free brochures, pollinator planting guides and coloring activities for children.

- **Gardening with native plants:** How to attract bees, butterflies, and birds to your yard. Bring photos of your yard and get free advice from the **Wild Ones** on what native plants will attract pollinators.
- **Native Plants for sale by Reflection Riding.**
- **Butterfly Gardens and how to attract butterfly babies to your yard.** Learn about the life cycle of butterflies and what plants can attract these beautiful creatures to your yard.
- **Organic solutions for common yard problems.** Safe products to use in your yard that will not harm children, pets or pollinators.
- **Beekeeper display.** Join Derick Forester, a third-generation beekeeper on the mountain, to learn about honey bees. Honey and bee products for sale.
- **Vegetable Gardening and Pollinators:** How to increase your yields by attracting native bees to your garden.
- **“Why be a Friend to Pollinators?” contest winners from Lookout Mountain School and Fairyland School will be on display.**

★ Aquarium will give away free pollinator seedlings.
